# Community Programs

---

One of the qualities that differentiates Alamar is its residents! That is why we work hard to improve the quality of life for Alamar residents by fostering a leadership community and leaving a legacy that will live on in the hearts and minds of residents for years to come. Each neighborhood is represented by one or more neighborhood leaders who are committed to strengthening neighbor-to-neighbor ties by providing warm welcomes, organizing community events, and serving as community ambassadors. Community pride and making connections are the goals of each of our initiatives.
